Dear Greater Philadelphia Association of REALTORS,

You will never know the names of the children you are helping, but you put a smile on their faces. Thank you for your generous donation of supplies we received on 11/12/2014.

This year, our school has been selected in the School Redesign Initiative and our students are engaged in instructional programming, during and after school, which is designed to provide rigorous and meaningful learning opportunities. The community and students we serve will benefit from your donation as promote academic success. In a way, you'll be right here with them because it's your donation that helps to allow us to complete these programs.

Each year, Tilden Middle School, continues to advance its mission to provide rigorous and meaningful learning opportunities for students in order to help students to realize their full potential as productive, responsible, and caring citizens.

Thanks again for your generous support of kids.

Best wishes,

Brian R. Johnson
